Frontend Web Developer Intern | Harold Jean Louis Inc, *Oct. 2023- Dec. 2023*

- Worked as a remote frontend Developer intern for an accounting firm called Harold Jean Louis located in New York, New York.
- Utilized Google Meet once a week to provide deliverables of the work we had completed the week prior. Some work I did required an NDA and will not be named.
- I worked on websites for clients within the company and mocked, wireframed, and developed the pages through the Wordpress content management system and Elementor.
